

Lisa Grim

The Pub & Restaurant

HOMETOWN: Gettysburg

WHY YOU WENT INTO YOUR

PROFESSION: I felt a responsibility to turn a failing business that affected so many people and other businesses around from disaster. Training all new staff, working 24/7 while raising my son, it took over four years, and it was not easy, but behind every win are losses.

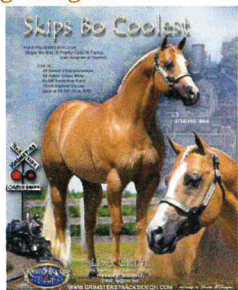

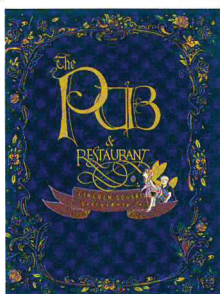

EXPERTISE: Walk fast, talk fast, think fast... Details, details, details...I love unconditionally, I don't judge, I don't give up... I push myself hard and those around me.

WHAT SETS YOUR BUSINESS APART: We care tremendously. Our staff is family. That in turn is repeat business and growing friendships between The Pub and our customers.

NEW ON THE HORIZON FOR YOUR BUSINESS:

The Pub is growing out of our mortar walls and doing catering at different venues. We are always learning, changing and growing to try to stay ahead in our industry! We love getting out of the box by developing new ideas. As for the farm, we have added lavender fields, also another dream come true! Both businesses are having their websites custom built to represent the excitement, love and creativity that both businesses possess! So keep an eye out!

WHEN I'M NOT WORKING, YOU CAN FIND ME: If I am not working at The Pub, then I am working at the farm. If I am not working at either, then I am at the gym working out or out on a run having a long talk with God... He listens well!

20-22 Lincoln Square, Gettysburg
