

*Lisa L. Grim*  
 Owner of  
 The Pub & Restaurant  
 Grimster's Track Side Quarter Horses

**I LIVE MY LIFE WITH PASSION** in every sensation of the word. If seconds on an hour glass were pennies, I would not waste a cent. Life is too short to be lived without passion. Between Motherhood, the restaurant, the farm, working out daily, I live life to the fullest.....My passion is Life and everything it has to offer.....opportunities, change, development, design, love, even failure, as well as the simplicity of walking through pastures of the farm, enjoying all God has provided. The thrill of creating a new plate or baling hay, pushing my body in cross training or horseback riding with my children. I love the life I live and the wonderful people that surround me. My Grandfather used to say to me as a child "Learn something new every day!" I take that very seriously.....I love learning and the gift of passing it forward.

Often I am asked how I get it all done. Teamwork, I am blessed with a staff that cares. Relationships of any situation are not easy. Patience's and caring are the foundation of a strong relationship. Listening to the words of Coach K, Dungy and Lombardi, accomplishments in life take teamwork and the ability to look in the mirror for improvement. Though we may drop the ball....we practice hard and always strive for the Play-off's because we are passionate.
